

# Caught In The Moment

Lincoln Brewster

Every mornin' praise I sing to Thee  
You're slow to wrath and swift to bless my soul  
Your love endures unchanging, oh Hallelujah

Cover me with Your grace  
Shine on me with Your light  
Take Your arms, hold me tight  
Keep me caught in the moment

Cover me with Your grace  
Shine on me with Your light  
Take Your arms, hold me tight  
Keep me caught in the moment

Every night I pray myself to sleep  
I look to You and plead, my soul You'll keep, yeah  
You endure unchanging, oh Hallelujah

Cover me with Your grace  
Shine on me with Your light  
Take Your arms, hold me tight  
Keep me caught in the moment

Cover me with Your grace  
Shine on me with Your light  
Take Your arms, hold me tight  
Keep me caught in the moment

Cover me with Your grace  
Shine on me with Your light  
Take Your arms, hold me tight  
Keep me caught in the moment, yeah

You've opened my eyes  
Now the mystery is clear to me  
That in You and You alone  
I find the love that sets me free

You've opened my eyes  
Now the mystery is clear to me, oh yeah  
That in You and You alone  
I find the love that sets me free  
That in You alone

Cover me with Your grace  
Shine on me with Your light  
Take Your arms, hold me tight  
Keep me caught in the moment

Cover me with Your grace  
Shine on me with Your light  
Take Your arms, hold me tight  
Keep me caught in the moment
