

Daybreak

Lisa Ekdahl

Daybreak
And the moon's still floating high
What a wonderful surprise
I close my eyes
And dream of you

I'm dreaming at daybreak
And the world's so far behind
That's why i always find at daybreak
I'm still dreaming of you

You're from above
My one and only love
There's no other

At daybreak
All i want is you forever
That's why it's true whenever daybreaks
I'm still dreaming of you
