

# You're Gonna See A Lot Of Me

Lisa Ekdahl

I'm gonna get you, I'm gonna get you  
I'll make you love me wait and see  
Both day and night and night and day  
You're gonna see a lot of me

I'm gonna haunt you, I'm gonna haunt you  
Oh, what a pest I'm gonna be  
Both day and night and night and day  
You're gonna see a lot of me

I'll be the spoon in your coffee  
The knife that butters your bread  
If I sound a little bit off it  
That's because, because, because you've gone to my head

If you're in China, I'll go to China  
I'll never never let you free  
Both day and night and night and day  
You're gonna see a lot of me

I'll be the spoon in your coffee  
The knife that butters your bread  
If I sound a little bit off it  
That's because, because, because you've gone to my head

If you're in China, I'll go to China  
I'll never never let you free  
Both day and night and night and day  
You're gonna see a lot of me
