You're Gonna See A Lot Of Me

Lisa Ekdahl

I'm gonna get you, I'm gonna get you I'll make you love me wait and see Both day and night and night and day You're gonna see a lot of me

I'm gonna haunt you, I'm gonna haunt you Oh, what a pest I'm gonna be Both day and night and night and day You're gonna see a lot of me

I'll be the spoon in your coffee The knife that butters your bread If I sound a little bit off it That's because, because, because you've gone to my head

If you're in China, I'll go to China I'll never never let you free Both day and night and night and day You're gonna see a lot of me

I'll be the spoon in your coffee
The knife that butters your bread
If I sound a little bit off it
That's because, because, because you've gone to my head

If you're in China, I'll go to China I'll never never let you free Both day and night and night and day You're gonna see a lot of me
