

A Beautiful Schizophrenic

Lisa Germano

A beautiful schizophrenic
A beautiful schizophrenic
I just don't know which one
I know I like

I know you like my bad side
I love you like my good side
I just don't know which one
I know I like the one I know I think

Same as you, you, same as you, you
Same as you

Whoever is around
Whoever's in my head
Whoever you are now, I like you

I know you like my true thoughts
I love you like my best thoughts
I just don't know which one
I know I like the one who likes me too

Same as you, you, same as you, you
Same as you, you, same as you, you

Home is, home is, home is out there
Pulling, teasing, stomach aching
Home is, home is, home is

A couple of schizophrenics
A couple of schizophrenics
Trying to figure out which one is which
And what and where is home
