

# Everything Changes

Little Big Town

I saw you before you saw me  
Yeah, it really took me back  
Can't believe how long it's been

Took you awhile to recognize me  
Oh, imagine that  
When we were so close back then

No, nothing stays the same  
Love, oh it slips away, it slips away

Everything changes, doesn't it baby?  
It's amazing how time flies  
Turning the pages of yesterday  
In only the blink of an eye  
Everything changes, everything changes, everything

Somewhere I still have the picture  
You were in that party dress  
I remember dancing slow  
(Hey, I remember dancing slow)

Thought those days would last forever  
How soon we forget  
And how far away they go

No, nothing stays the same  
Love, oh it fades away, it fades away

Everything changes, doesn't it baby?  
It's amazing how time flies  
Turning the pages of yesterday  
In only the blink of an eye  
Everything changes, everything changes, everything

We try to hold it in our hands  
But love falls through like grains of sand  
One day it's there and then it's gone  
Gone, it's gone, gone

Everything changes, doesn't it baby?  
It's amazing how time flies  
Turning the pages of yesterday  
In only the blink of an eye  
Everything changes, everything changes  
Everything changes, everything changes, everything
