Gonna ROCK (What?) ROCK, ROCK around the clock  
Three years ago in St. Albans, Queens  
I was rockin at a park called one eighteen  
Little kids stood and watched as I rocked the spot  
Didn't know that years later I'll be standin on top  
Livin near Farmers Boulevard I was born and base-shaw  
Stopped the rich and shook hands with the poor  
And this is a story about a brother I know  
Cut Creator on the fader no watch him go

When back in the days before I clocked some dough  
I used to go to the show and sit in the front row  
Hopin and prayin one day I'll get on the road  
So I had a feeler and a summer and I meet when I'm stoned  
Not fearin a thought, got stung like a horse  
Don't make fun of my posse, cause each man is a boss  
When his only damn way to pull a jam out the crate  
One time for your mind  
Check out the guitar break

This jam just wasn't enough for Jimmy Hendrix to see  
He could do lessons of mixin take you under his wing  
Straight from the heart cause it ain't the money that we came here for  
Ain't no thoughts in the room ain't breakin no roles  
And in the Rock 'n' Roll land, a big strivin plan  
Just my posse learn the vocals what little they had  
It's all about us three: Eve, Phil & Jay  
He heard Cut Creator cut now check it out to play

Rock, rock y'all check out the funky cut  
It's like travellin through time to the straight cats strut  
Cuts are slicker than Grease needle as sharp as a knife  
We'll be do doin the doo for the rest of the lines  
Wanna piece of the action, it's time to party, get up  
Not a subway bummy singer puttin change in a cup  
Wanna see you boogie, oogie jumpin up and down  
Bitin your livin hold your breath until we come to your town
