

# I Fall In Love

LL Cool J

Uhh, uhh  
Girl when I watch you it's like a dream  
You look like you stepped out a magazine  
I feel like an addict, you make me fiend  
As if you were dancin on a triple beam  
I watch your body move back and forth  
That's the shit that make Strahan want a divorce  
The move is such a seductive way  
I feel like Reg in the bush with Kincaid  
Never seen a girl in the world  
that moves her body, like you do  
Have to party, invitin you  
Wish I could spend my whole life with you  
If that's too much just a night with you  
Kick back and turn off the lights with you  
As long as it's, exciting you  
Whatever it is, I like it too

When I look in your eyes, I fall in love  
Girl every time I look at your thighs, I fall in love  
You're number one - tell all the guys I fell in love  
You make me feel like I won a prize, I'm so in love  
That good good love (I'm gonna make you love me)  
(I'm gonna make you love me)  
(I'm gonna make you love me)  
(Love me, loooooove) Stop playin girl

If I'm victim of circumstance  
it's because you're killin me when you dance  
I jump right out of that ambulance  
Like B.I.G. I want "One More Chance"  
I got questions, you got the answers  
Your body is a {?} but you have to master  
I'm not your slave but I'm willin to play  
I'll search for oil, start drillin away  
Turn off your iPhone, we chillin and hey  
We'll be sippin Patron, couple gallons a day  
Let's take our clothes off, bombs away  
Pick a song, Chris Brown, Ne-Yo or Ray J  
to get you in the mood, now you ready to play  
Come to my house, put your clothes away  
There's no commitment, you don't have to stay  
Just come with me, I'll set you free

WHAT CAN I DO?!  
I'M IN LOVE WITH YOU!  
WHAT CAN I DO?!  
I'M IN LOVE WITH YOU! (Stop playin girl)

The more I look at you, the more I get  
hypnotized, my nature rise  
before your eyes, I know you're sick  
of all the lies and alibis  
from other guys, when I'm watchin you  
I get energized, I realize  
we need surprise, variety  
is the spice of life, so I eat you up

like apple pie, I like your flow  
You're the star, this is your show  
Speed it up, take it slow  
Push it out, take it low  
That helps a love like this to grow  
If you're feelin me girl let me know  
I know that you are respectable  
but this type of healin is sexual
