Fuckin' with me is toxic
Go prop on niggas love songs and rock shit
Show these motherfuckers how to spit they ain't about shit (This is it)
I'm so ruthless and cunning when the drummer was drumming
Ya'll see I got your man running
LL the boss, like luke wit the force
My techniques ugly, dirty like rugby
Drop jewels like yoda my young students love me
All rappers are under not one of them above me
I rip shit, I blow the whole house down
On your big mouth clown
You don't wanna fuck around

Go 'head do your two step wit your hand in your coat nigga
You are now Rocking wit the G.O.A.T.

Listen good with both ears
Keep your mouth shut, fall back like broke chairs
How can they forget a nigga like me I'm so rare

So far ahead that I'm countin in light years
That mean lightning strikes longer than your career

They probably put a hit on me for murdering the track
They tried to shit on me they thought I wasn't coming back
They sealed the jar 'n then they threw me in the back
Career means circles I came (back like) crrraaaackkkk
