

# Shelly I Do

Lloyd Cole

When I first saw shelly  
I swear I almost cry  
I felt as though we'd been together  
For all of our lives

Shouldering my worst afflictions  
And reminiscing times we never had

She said that she remembered me  
From some strange dream she'd had  
She cut me to the quick  
And I just feel about and laughed

I said  
When I hold you , shelly  
I just pray that you and me  
Will never end

And I do, you know  
I love you, you know  
Shelly I do

When I first saw shelly  
I swear I almost cry  
I felt as though we'd been together  
For all of our lives

And I do, you know  
I love you, you know  
Shelly I do

When I hold you, shelly  
I just pray that you and me  
Will never end
