

Twenty bucks buys ten coupons  
Two ears of corn and one ride on  
The tilt-a-whirl with your favorite girl  
Keep on walking down the midway  
Three-eyed goats and games to play  
Step right up, Carney says try your luck  
You can tell the sweet smell of summer in the air  
Whole town shuts down, everybody's gonna be there

Down at the county fair  
Big time, big top, big crowds, big hair  
There's nothing bigger all around  
The country anywhere  
Than the county fair

Judging pigs and judging pies  
Fighting for the first place prize  
And have you seen this year's queen  
4-H Club and FFA working toward a better day  
And a petting zoo, yeah, they got that too  
And eight o'clock rolls around, everybody knows  
The grandstands open up and it's time for the big show

Down at the county fair  
Big time, big top, big crowds, big hair  
There's nothing bigger all around  
This country anywhere  
Than the county fair

Down at the county fair  
Big time, big top, big crowds, big hair  
There's nothing bigger  
All around this country anywhere  
Than the county fair

Down at the county fair  
Big time, big top, big crowds, big hair  
There's nothing bigger  
In small towns everywhere  
Than the county fair  
County fair  
Yeah, county fair
