I Miss When

Lonestar

Your heart's been broken, you don't wanna open up to me But can't you see All that you're needing is someone to believe in you And when you are no longer afarid Darlin' I'll be just one word away

Say when, I'll be there by your side For a day, for a year, for the rest of my life I know you're not ready But someday your heart's gonna mend I'll give you love without end Say when

Could be tomorrow, maybe a little farther down the road Your heart will know My love is timeless and you're gonna find it's true And no matter how long it takes If it means holding you I can wait

Say when, I'll be there by your side For a day, for a year, for the rest of my life I know you're not ready But someday your heart's gonna mend I'll give you love without end Say when

I know you're not ready But someday your heart's gonna mend I'll give you love without end Say when, say when
