

More Than Money

Love Spit Love

I want more
Than I thought I'd own
I want order in my mind
I want more
I want more
Than I thought I'd own
I want hands to wave goodbye
I want more
Take the river down to
Where the sea comes in
I give up all I've got
Well almost anything
I wanted reason
I've got a reason now
I want more
Than I thought I'd own
I want order in my life
I want more
I want more
Than I thought I'd own
I want hands to wave goodbye
I want more
Take the river down to
Where the children sing
I'll give up all I've got
Well almost anything
I wanted reason
I've got a reason now
I want more (take the river down to)
(Where the sea comes in)
Than I thought I'd own (I give up all I've got)
(Well almost anything)
I want order in my mind (I wanted reason)
(I've got a reason now)
I want more
I want more (take the river down to)
(Where the children sing)
Than I thought I'd own (I'll give up all I've got)
(Well almost anything)
I want hands to wave goodbye (I wanted reason)
(I've got a reason now)
I want more
