

## Witches

Low

You played the part of the one who was taken down by gods  
All I could think about was how a guy like me could fight them  
off

And when you finally submitted to embarrassing capture  
Out of the corner of my eye I see my children in rapture

One night I got up and told my father there were witches in my  
room

He gave me a baseball bat and said here's what you do  
When you have finally submitted to embarrassing capture  
Take out that baseball bat and show those witches some pasture

All you guys out there tryin' to act like Al Green  
All you guys out there tryin' to act like Al Green, you're all  
weak

Cause when you've finally submitted to embarrassing capture  
All you guys out there gonna wish you were Al Green
