

## Do You Miss Me (Killians) Gutierrez

Lucky Boys Confusion

It's half past ten, no sign of cops the barrels going strong  
Three more beers I'm sure'll make me feel like I belong  
And everyone here reminds there's no point in going home  
And everything there reminds me that I'm still alone

You got your secrets reasons why you said it's over  
That was my ticket to never again be really sober  
I'm so divided holding on while cursing you  
But unlike you right now I got nothing to prove

The radio plays our favorite song it's what keeps me holding on

Baby do you miss me now that I'm gone  
Do you miss me  
I remember the day that you told me you wanted to find another  
man  
Now I hear you cry every time we play Arizona Stand  
Now I'm standing here with 50 of my friends and a keg of Killia  
ns  
And you're at home with your Ani Difranco tapes again
