

Affirmative Action

Lucky Dube

From where I stand
I can see the world
Getting smaller and smaller
And there'll be no place

For people like you, Georgie
Who still live in the past
When you couldn't do things for yourself
You blamed it on apartheid
You blamed it on the government and everybody

Now is the time to prove yourself
If you think affirmative action
Is the way out, no way, no way

Constitution can be changed
From time to time,
But that does not mean that
You don't need no education

We are tired of people who
Think that affirmative action is the way out
And, is another way of putting puppets
Where they don't belong

I'm so sorry, Georgie
But the only way to get our economy strong
Is to have an educated nation

And if you think affirmative action
Is the way out, no way, no way

Education is still the key
Even though we have affirmative action

Education is still the key
Even though we have affirmative action

Education is still the key
Even though we have affirmative action
