

Good Things

Lucky Dube

There will be a time in your life
When you'll need me the most
But I won't be there
There will be a time in your life
When you won't need me at all
I won't be there
But while I've got the chance
I'm gonna tell you what I know
About this world we're living in
It may seem so beautiful
From where you are
It may look so innocent
In your eyes
But let me tell you
It's not a bed of roses

Good things come to those
Who got out and made them happen
They don't come to those who wait (3x)

I can sit here and teach you
Every trick in the book
But at the end of the day
It is your life

Good things come to those
Who got out and made them happen
They don't come to those who wait (3x)

You don't have to worry
The future is in your hands
