I put it down for the LBC (I put it down for a place called Queens) You know I represent the 213 (I hold it down for the big city)

I keep it gangsta for all my young G's (All the P Y T's with their own car keys)
I put it down for all the ladies
(ladies, ladies, ladies)
It's all about you

I tried to look the other way The day you passed me by I saw you holding Q Tip's hand And girl damn near died

They way you hold that cosmo Just fits you to a tee But I just wish that you were sitting Right next to me

I wonder what was on God's mind The day that He made you I know He wrote a new commandment After He was through

But every time I see you I find something new But I just gotta have you

I really want you
I just gotta have you
I really want you
I just gotta have you

Me and nephew snoop was eating At the serving spoon And my partner skin it back Was sitting with us too

And all of a sudden
Your body was in sight
I couldn't finish breakfast
Now something just ain't right

Now Snoop is looking like
What the hell is wrong with you?
I said, "I know you understand"
You've been through a few
But this one was special, special to me
Is it my imagination killing me

I really want you
I just gotta have you

You, I ever want is you I just gotta have you

I just can't fake it no more
I can't take it no more
I need you in my life for sure
My wife for sure

No turning back on ya
It's on and crackin'
Pure satisfaction
Girl that's what's happenin'

I appropriate game You know my name Abstract hits And the bag top splits

My man need a lady No matter the kind A diamond shinning like you You know is hard to find

Time brings change And change brings time My nephew want you 'Cause you so fine

A woman choose a man

Make a choice 'cause me and Ray
