

Rest of My Life

Ludacris

If you live for something, you're not alone, my friend
So fill up your cup and, lift your lighter, and toast to life

They say what don't kill me, can make me stronger
So two drinks a night should help me live longer
I blow some smoke just to give my lungs a test
Because why tip-toe through life, to arrive safely at death
I'm on a journey, yeah, i'm on a roll
Sometimes gotta close my eyes, just to open my soul
And tonight is the night, I gotta feeling that i'm about act a fool
So if you go fix some drinks me and usher are about to break some rules

That's somewhere to go but the world is moving slow
I was born for the best life
I go for broke, a lesson I can't afford
But for what it's worth i'm ready to play for the rest of my life
For the rest of my life

Na na hey, oh
Na na hey, oh
Na na hey, oh
Na na hey, for the rest of my life

If I got one life to live, i'mma party til i'm dead
What the hell is a life worth living if it's not on the edge
Tryna keep my balance i'm twisted so just in case I fall
Written on my tombstone should say women, weed and alcohol

That's somewhere to go but the world is moving slow
I was born for the best life
I go for broke, a lesson I can't afford
But for what it's worth i'm ready to play for the rest of my life
For the rest of my life

Na na hey, oh
Na na hey, oh
Na na hey, oh
Na na hey, for the rest of my life

If you live for something, you're not alone, my friend
So fill up your cup and, lift your lighter, and toast to life

I'm stuck in this moment, freeze the hands of time
Cause I feel inner peace when i'm outta my mind
And you can call me crazy but I like to roll the dice
So i'm willing to bet that i'mma be crazy for the rest of my life

For the rest of my life
For the rest of my life
