

## Goodbye Bear

Ludo

"This song's about losing it, love"

Moving truck outside  
I'm off to Oklahoma  
Those walls we painted are getting painted over

I'm scared I'll fall asleep  
I'm scared to say goodbye  
Who knows how long we'll make it last tonight

Goodbye, bear  
I'm heading out the door  
I'm falling off the map  
I'm never coming home

I'm sorry I couldn't ask you  
I couldn't offer you my life  
But now it's all in boxes, cause sometimes  
You have to let love die
