

# Manta Rays

Ludo

Manta rays above us  
In the open sea  
I wonder if you think of me.

Now we're swimming deeper  
Nothing's as it seems  
Creatures sailing silently.

Or so I've dreamed  
Since I met you  
I've been hollowed by your body  
I've been hypnotized by all you are

Oh, all I want  
Is to know your name  
and whisper it in your ear,  
But I'm weightless like I'm falling on the moon.  
I'm falling slow for you...

Driving through the darkness  
We are glowing green  
You're holding my hand to your cheek.

This car is our vessel  
Our tires leave the ground  
Up above the night sky, we're going home.

Or so I've dreamed  
Since I met you  
What secrets do you hide?  
You tilt your head, there's a city inside.

All I want  
Is to know your name  
And whisper it in your ear  
With your arms around my neck.  
You've haunted me in colors  
I've never seen  
I feel strange and unprotected,  
But I'm weightless like I'm falling on the moon.  
I'm falling slow for you...

Sailing through the dark to the lunar face  
Your pupils shining over time and space  
We are two creatures each wrapped around  
The other without a sound,  
Safe at home,  
Falling slowly.
