Don't Be Afraid Of The Light That Shines Within You

Luka Bloom

Don't be afraid of the light that shines within you.

Out of the cold, dark winter space We come together, looking for Brigid's grace We dip our open hands deep into the well Where our rivers run to, who can tell, who can tell

We warm our hearts and faces in the heat of the burning flame Something about our spirit never stays the same

Don't be afraid of the light that shines within you Don't be afraid of the light that shines within you Don't be afraid of the light that shines within you Within you

So many lives in shadows, with so much to give away Brilliant dreams in waiting, to see the light of day We step up to the well at the dawn of spring time When we go our way, we let the light shine, let your light shine

Don't be afraid of the light that shines within you Don't be afraid of the light that shines within you Don't be afraid of the light that shines within you Let the light protect you Let the light direct you Don't be afraid Don't be afraid The light that shines within you.
