

Out of My Head

Lupe Fiasco

And what we have here
Sunny gray, Trey

Girl, I want you to know
I can't get you out of my head, my head, my head
Girl, I want you to know
I don't even know what you did, you did, you did
But I love it

Uh, uh, everything hooks
Everything works, you are a really good chorus
I'm a real good verse, freestyle, unrehearsed
So clean, no curse and when the songs don't mean

Everything hurts so I put it on reverse
Go back to the scene where I seen you first
Yeah, I need you to sing that single again
Play that video I seen you up in

A hundred million stands in my mind all day
Calling in requests on the line always
Yeah, the president of your fan club
Lead them playas over behind like a bad love

Girl, I want you to know
I can't get you out of my head, my head, my head
Girl, I want you to know
I don't even know what you did, you did, you did
But I love it

Wait, playa need a minute
Like a timeout in tennis for a finish, how did I get in this?
Maybe was your hair, maybe was your flair
Maybe it's the heels and the way you wear

Maybe it's you're real and the way you care
You don't care if I'm ill or a millionaire
The only thing that matters that the feeling's there
Your smile's so bright, it's like a grill's in there

High off life, don't need a pill in there
You're killin' me, I think I need a will in here
Got me feeling real skills impaired
Hard to describe why you still in here

Girl, I want you to know
I can't get you out of my head, my head, my head
Girl, I want you to know
I don't even know what you did, you did, you did
But I love it

Don't care what nobody say
'Cause I like it, girl
Might go crazy tryna figure this out, love
But I like it, girl

Don't even know why I feel this way

But I like it, girl
Caught up in something that I can't get out of
But we like it, girl

Girl, I want you to know
I can't get you out of my head, my head, my head
Girl, I want you to know
I don't even know what you did, you did, you did
But I love it

Girl, I want you to know, I want you to know
I can't get you out of my head, my head, my head
Girl, I want you to know
I don't even know what you did, you did, you did
But I love it

I can't get you out of my head, my head, my head
No
