First things first girl stick that attitude in your purse straighten up your face before i pull over
Ain't nothing cute about walkin' home from work
Check yourself
Now number two
You're my only lady baby, that's the truth
So you can sit and pout until your face turn blue
I will kill a brick and drown a drop of water about you
But there's one thing i can't do

Can't force you, I cant force you
To slow down slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down slow down
Can't force you, I cant force you
To slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down

When I was a tyke
A brother taught himself how to ride a bike
But once i got the hang of it i rode all night
I said that to say
This relationship is gonna have it's good and bad days
It's like fallin off and getting back on again
But no poppin' wheelies til we got our balance
I cant handle this

Can't force you, I cant force you
To slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down slow down
Can't force you, I cant force you
To slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down

What up with all these allegations
Shorty all is well
Accusations about my situation, callin my cell
Take a step back, relax, chill, pause exhale
You're the reason i aint got no bars on my cell
You must think I'm in this booth spittin these bars for my health

For every action there's a reaction , cause and effect Good times and bad times and badtimes, whatever cards are dealt You need some help cuz  ${\tt I}$ 

Can't force you, I cant force you
To slow down slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down slow down
Can't force you, I cant force you
To slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down
