

# Live Free

Mac Miller

This is a message to, uh, all of you, who uh... don't believe, alright?

They gunna try to bring you down  
Hatin's what they do  
But you gotta keep a smile  
Stay up on your move  
Live free, live free, live free  
Homie live free, live free  
They gunna try to tell you no  
Shatter all your dreams  
But you gotta get up, go  
To bigger, better things  
Live free, live free, live free  
Homie live free, live free

Hey yo microphone check, one, two, one, two  
We Good? Just had to make sure I'm coming through  
With the driver Ricky Bobby  
More class than the college  
And the shine of Liberachi  
About time that you acknowledge  
That the boy here to stay  
Fired that begin to blaze,  
Buzzin' out my name, gettin' out like a triple play,  
Hate to tell you what you can't do, fuck that, nah  
Say there's everything you can do but rap, shit...  
I paint pictures with a hot flow, young Picasso,  
Feel me? I thought so,  
There's people in the world that are jealous of success,  
Don't even second guess yourself, step or get left, get left  
We on the march we ain't waitin' for no man,  
You can't get distracted by haters & romance,  
So if you sittin' trapped in defeat,  
Get that monkey off your back, live free...

Now everybody know I got haters like Maino,  
Actors all phony, give 'em Tonys like Yayo,  
Flush the bullshit out of music, Drano,  
This a true story type of movie, Fandango  
Flamethrower, strange flow,  
They got me on the top like a halo, a Christmas tree Angel, yeah  
My team attack the game from all angles,  
Passin' all these rappers, just pussycats,  
Bengals...  
Hip Hop's Lebron, nothing better,  
Here to kick you out the game, Braylon Edwards,  
Fast Devin Hester, running like six speed,  
You gotta sign on ya back like "kick me",  
I'm a race bike six speed, NAHHH  
You can't get me, move to swiftly  
Don't deal with other rappers tryin to jip me  
'Cause I'm way down the road where I live free
