Come and talk shit, who the boss bitch?

Moon the crowd now, Randy Moss shit

Sharks swimmin' in the water you'll get tossed in

And fuck a first class, I'm in the cockpit

It's obnoxious, it's bumpin' out my car

Bass'll shake your dinin' room table from afar

Makin' in a night what your daddy pull in yearly

See a little style, I got mine's patent

Always rock smile, never a distraction

Brand new Mercedes, cameras when I back in

Fuck with single ladies, yea I did a little actin'

Love me on the weekend but hate me when I'm workin'

Overly dedicated and overly medicated, for certain

By her a brand new purse and it's gravy

I ain't talkin' Slim when I say these bitches Shady

Chicken sandwiches and turquoise beads
Tattoo sleeve, pair of Levi's jeans
Never get no sleep, you know all about me
Come and meet my team, bitch meet my team, meet my team
