

# Alpha Omega

## Machine Gun Kelly

We the age that mothafuckers don't care about us  
We just let mothafuckas know we coming  
It's real, it's a real mothafuckin' movement  
Whether you like it or not  
We're supportin' a real mothafuckin' movement, man  
It's cleveland man

I am the alpha omega, black flag swinger  
Fuck a driveway I'm in airplane hangers  
Me and my gang poppin' champagne like players  
For all of them days with no lights and no cable

No one can save you, my city's fatal  
Make it up out of it how can they hate you?  
C-L-E-V-E-L-A-N-D's the greatEST  
I'll light this bitch up make it look like its Vegas

We on, mufucka we on  
The first one to blow since Bone  
Thinking back when I had a back pack full of fat raps  
Didn't no one wanna hear my song

Mufucka y'all wrong, mufucka y'all wrong  
Made it and I never left home  
Where I'm from enemies bust off their shells like King Koopa  
Roll through these streets come up gone like Bermuda

I'm just a boy in the hood like I'm Cuba  
So soon as I moved out I bought me a Ruger  
You come to my house you blow loud as a tuba  
I bring your bitch here, she'll go down like a scuba

All of y'all shits out of style like a scooter  
Put all of y'all shits in the ditch like a sewer  
Make all of y'all bow like my name is Anubis  
Talk out your medulla get hit with bazookas

(Bitch!)

I am the alpha, I am the omega  
(What?)

I am the alpha, I am the omega  
(Ahh!)

I am the alpha, I am the omega  
(Ay!)

I am the alpha, I am the omega

If you ain't living your life then you're dead  
And sleep is its cousin so I shot my bed  
Paranoia got me using these meds  
Now I'm Smokey as Chris on a Friday like Craig

Retract that statement, I'm stoney as Fred  
Evacuate when my homies get mad  
You better pray to your God for a blessing  
Before they make your world look like Armageddon

Knew I was trouble since I was 11

Ripped up my jeans and I bought me a leather  
My friends saw me as a King like Coretta  
My dad saw his son as a nuisance, a rebel, and (ahh!)

My music sounds like the devil  
Turn that shit off or get out of my temple  
Right after that he'd go back to his Kettle One vodka  
And drink it all up till he's mental

I have no issue, I am official  
Let them come at me I practice Jiu Jitsu  
Only fear two things with three letters dawg  
That's G-O-D, God and my fucking initials

Doctors called up to the news to report to them what they discovered  
Said I'm the first of a species that they call a real muthafucka, (Kells)  
And I'm sorry if you get a lot of hits from all my followers  
If you acknowledge us in any other way then positive

But you shouldn't be hollering or talking about Superman  
When you're living in Metropolis  
And if you follow astronomy I'm a Taurus  
That means I don't give a fuck what you thought of me

I walk into an interview looking like a lobotomy  
Flipping my middle finger at everybody who watching us, (uh)  
Fuck that bring the beat back  
Kill this instrumental leave the body where the reef at

Nah, fuck that where the keef at  
Sprinkle a little bit on a quarter of my weed sack  
Give me a minute I took a hit I'm tryna focus like astigmatism  
My competition on my dick, they're like the zip on my denim

They want the heat I light em up like I put cigarettes in 'em  
You bitch, whats your religion?  
I wanna know what God you're seeing in a couple of seconds  
I wanna see the criticism bout my lyricism  
When I'm in your face rippin' this rhythm up like canabalism  
Its Kells

(Bitch!)

I am the alpha, I am the omega  
(What?)

I am the alpha, I am the omega  
(Ahh!)

I am the alpha, I am the omega  
(Ay!)

I am the alpha, I am the omega

I am the alpha omega, the fuck is you saying?  
I am the alpha omega, the fuck is you saying?  
I am the alpha omega, the fuck is you saying?  
EST run shit you better quit playing  
They start a war if you mention my name  
I'm the alpha omega  
Beginning and end
