

## Turnt Up

### Machine Gun Kelly

I'm all the way turnt up, make sure that my volume is to the maximum  
Cause I don't give a fuck, when all the neighbors up there go asking them  
Youngster would you turn that down? Say fuck you man bite my dagger  
Disturbed the peace, got evicted, now I'm a Rolling Stone like Mick Jagger  
Headphones up louder, riding on the bus making sure they hear my shit  
Bus driver told me to "turn it down", Heisman that ho like Michael Vick  
Press play and dip, feel like I got a whole marching band behind me  
Turned all the way up, sideways, so big I might cause the next tsunami  
Try me, try me watch how I service blasting, now you can't find me  
Engulfed in a bubble bath next to a girl with a bubble ass squeakin shiny  
And Kells gone, wax on wax off in the tub with the music blaring  
MGK all the way turnt up, I don't fuck with them libraries
