## Wipe the Tears

## **Machine Head**

Ask me how it feels To feel like you're a failure When everything that's real Burns the flame in anger I've heard it all before I've felt some pain and more More than you could ever dream More than it probably seems I've sat with head in hand Stressed by my demands Stomach tied in knots Alone I've sat and rot 'Cause the pain from all these fears Has built up all these years I'll wipe away the tears Wipe away the tears

Don't give in Don't give up

Walk the streets dejected Alone and left rejected Time does not care And sometimes life ain't fair My head begins to pound Smashing bottles on the ground I have lived amongst the garbage With those who rape and carnage Had many a promise broken And broken some myself The promise I have kept alive Is keep my inner wealth With my heart aimed at the world Destiny I watch unfurl I'll wipe away the tears Wipe away the tears

Don't give in Don't give up

Opportunities
Wasting life away
Choked upon its dust
Puked out in disgust

Let me tell you how it feels
To feel like you're a failure
Been climbing out this gutter
For what seems like it's forever
But one thing I must make clear
The struggle of these years
Has made every scar the stronger
My lust for life the longer
I will fight for what I love
And I will fight for those I care
I will fight at anytime
And I will fight anywhere

With my heart aimed at this world Destiny I watch unfurl I'll wipe away the tears Wipe away the tears

Don't give in Don't give up
