(Getting Some) Fun Out Of Life

Madeleine Peyroux

When we want to love, we love When we want to kiss, we kiss With a little petting, we're getting Some fun out of life

When we want to work, we work
When we wanna play, we play
In a happy setting, we're getting
Some fun out of life

Maybe we do the right things Maybe we do the wrong Spending each day Wending our way along

But when we want to sing, we sing When we want to dance, we dance You can do your betting, we're getting Some fun out of life

Maybe we do the right things
Maybe we do the wrong
Spending each day
Wending our way along

But when we want to sing, we sing When we wanna dance, we dance You can do your betting, we're getting Some fun out of life
