

Memories

Madness

Where can I go
What can I do
Im at a loose end since I split with you
I did my best, tried hard to please
Now all I've got is my memories

What will I do now, heaven knows
Find another I suppose
Now you say you dont want to know

What did I do?
Where did I go wrong?
Since you left its seems so long
We made a good pair
Everyone agrees
Now all I've got is my memories

What will I do now, heaven knows
Find another I suppose
Now you say you dont want to know

What will I do now, heaven knows
Find another I suppose
Now you say you dont want to know

Took back your photos,
Your Letters Too,
Its just as if I never Knew You....

Boo Hoo Hooo....
