Oui oui, si, si, ja ja, da da, Oui oui, si si, ja ja, da da, Oui oui, si si, ja ja, da da Oui oui, si si, ja ja, Lately, I've been wondering about you And the things you do I'm in love but you drive me mad Be so sad to be losing you Last night, when we had that fight In your car, left me at the bar Then I see her talking to her friends Acting like she just don't care She has flare, and how she moves With such grace, likes she own the space She's so fine, she looks so cool Got no time nobody's fool My girl, she don't read books Oh my girl, she gives dirty looks I'm going to be, what she wants me to be I'm her man, doing all I can My girl, she's above the rest My girl, she sure the best

She's cool, there's no doubt She's so fine, she's al al ala lal al all of mine I'm so glad, she wants to be with me She got looks and personality I want her, all of the time To be mine, and all of her time to be free Standing right by me And to see, that it has to be Oui oui, si si, ja ja, da da Oui oui, si si, ja, ja

My girl, likes to drive at night My girl, is so out of sight My girl, heads above the rest My girl, she sure the best She's so cool and there's no doubt She's so fine, she's al al ala lal all of mine I'm so glad, she wanna be with me She got looks and personality
