## **Accordian**

## Madvillain

Livin' off borrowed time, the clock tick faster That'd be the hour they knock the slick blaster Dick Dastardly and Muttley with sick laughter A gun fight and they come to cut the mixmaster

I C E cold, nice to be old Y2G steed twice to threefold He sold scrolls, lo and behold Know who's the illest ever like the greatest story told

Keep your glory, gold and glitter
For have half of his niggaz'll take him out the picture
The other half is rich and don't mean shit-ta
Villain a mixture between both with a twist of liquor

Chase it with more beer, taste it like truth or dare When he have the mic it's like the place get like, "Oh yeah!" It's like they know what's 'bout to happen Just keep ya eye out, like, "Aye, aye captain" Is he still a fly guy clappin' if nobody ain't hear it And can they testify from inner spirit

In living, the true gods
Givin' y'all nothing but the lick like two broads
Got more lyrics than the church got, "Ooh Lords"
And he hold the mic and your attention like two swords

Or even one with two blades on it Hey you, don't touch the mic like it's AIDS on it It's like the end to the means Fucked type of message that sends to the fiends

That's why he brings his own needles
And get more cheese than Doritos, Cheetos or Fritos
Slip like Freudian
Your first and last step to playin' yourself like accordion

When he had the mic you don't go next Leaving pussy cats like wild hoes need Kotex Exercise index won't need Boflex And won't take the one with no skinny legs like Joe Tex
