

I Need You

Magic!

I think it's time to come home
Been in this desert too long
Thought I could make it without you
But now I forever know that I need you

I need you, I need you
I need you like my last drop off water
I need you, I need you, I need you

I cannot change who I am
And I might mess this up again
But I live in vain here without you
My heart is taking a stand cause I need you

I need you, I need you
I need you like my last drop off water
I need you, I need you, I need you

I need you, I need you
I need you like my last drop off water
Said I need you, said I need you, I need you
Come on, said I need you, I need you
I'm coming home, I'm coming home today
I'm coming home
