

We loved Rock and Roll  
We loved it  
It was a slow dance  
I was in control

You go on the roam  
I don't follow  
I don't need love  
If I have soul

Love soul  
Love soul  
Love soul  
Soul music

We loved the sad song  
As it cried: 'Slow down'  
On the rise, sing it loud  
Come together right now

We heard Rock and Roll  
We heard it  
You sing, I play guitar  
I think follow

Love soul  
Love soul  
Love soul  
Soul music

Time moves, tick tock  
My heart stopped  
Like a bird on a wire  
I growing old

I write you love songs  
I feel so shy  
Like a bird on a wire  
I will fly

Love soul  
Love soul  
Love soul  
Soul music

Soul music  
Soul music  
Soul music
