

# Bloodline Severed

## Malevolent Creation

One by one, they will fall  
Execute, conquer all  
Threat on earth, body alive  
Non convert, unholy cry

Inconceivable reason to flee  
Bloodline severed now you're-  
Free to pray  
Now that you see your end  
Absolution denied  
Into the dark you are sent  
Tingle hits your brain  
Acceptance that you are done  
Sever all your ties  
Now your eyes are wide shut

Vacate your fears  
Head first, take your pain  
Sleep draws near  
Final black rain

Grinding flesh into dust  
Limbs are flailing with disgust  
Horrorified at what you now find  
Staring at the end of your time  
Grinding flesh into dust  
Limbs are flailing with disgust  
Feel the pull of the dark  
Feel the pull of the light

Bloodline severed  
Sickened by what You now see  
Bloodline severed  
Now your life leaves no creed

Inconceivable reason to flee  
Bloodline severed now you're-  
Free to pray  
Now that you see your end  
Absolution denied  
Into the dark you are sent  
Tingle hits your brain  
Acceptance that you are done  
Sever all your ties  
Now your eyes are wide shut
