Buried In A Nameless Grave

Malevolent Creation

Mind distraught, conquered thought Can't believe that this is real No one cares, no one hears Incomplete, I am dead

Rotting flesh, maggots infest Decayed in my darkened hall Name unknown, darkness flows Life declined, death my home

Blood decreased, insects feast Trapped inside this nameless tomb Prayerless slave, cannot be saved No religion for this grave

Silently
Death is real, cannot feel
Horrified, mortify, can't accept this fate
Unmarked frame, judgment day
Buried in a nameless grave
