

# Tunneling Through The Guy

Man Man

Girlfriend, I know  
I can smell your blood  
You're gonna do bad things tonight

Crawl back to the cave  
Crawl back to the cave

I'll hide in the dark  
And I'll carve out his heart  
And I'll wear it 'round my head like a nape of pride

Crawl back to the cave  
Crawl back to the cave

Girlfriend, I know  
I can smell your blood  
You're gonna be a filthy beast tonight

Crawl back to the cave  
Crawl back to the cave

I'll hide in the dark  
And I'll stab 'im in his heart  
And I'll tunnel through his chest 'til I see the light

Crawl back to the cave  
Crawl back to the...

When I punch the face I black out!  
When I feel the teeth I black out!  
When they come to arrest me I black out!  
Thank god for my own protection I black out!
