## The Way I Like It

**Mandy Capristo** 

I feel adrenaline rushing through me, Under my skin. I can`t calm down, I`m on a high. and your past becomes, My beat tonight. You`ve gotta, Push, A little harder. A little harder. A little harder. A little harder. Push, A little harder. A little harder. Push Ain`t no rules tonight. Turn it up, get it u-up Just the way I like it, I like it So turn it up get it u-up Just the way I like it, (Come get with me), Gotta watchin me Hey, hey, hey (2x) Strobe lights, flash in my head I can see your heart, On infrared. Blazing high, don`t stop, We`re moving in sync and tonight, We won`t leave anything. You`ve gotta, Push, A little harder. A little harder. A little harder. A little harder. Push, A little harder. A little harder. Push Ain`t no rules tonight Turn it up, get it u-up Just the way I like it, I like it So turn it up get it u-up Just the way I like it, (Come get with me), Gotta watchin me Hey, hey, hey (4x) You know what to do, My hands on you. now You know what to do, There ain`t no rules.

You know what to do, My hands on you. now You know what to do, There ain`t no rules tonight. Turn it up, get it u-up Just the way I like it, I like it So turn it up get it u-up Just the way I like it, (Come get with me), Gotta watchin me

Hey , hey , hey  $\ldots$
