

Three's Company

Mann

Mondrian, 11:13 on my arm
The Time is ours, we in a hired car
The sky ain't far because we high as mars so we sliding off
To a place where they serve it
And we tip them well for their service
The perfect night lets get turnt tonight
Its just me you and your girlfriend
Shrimp in the Pasta came from the Deep Sea
And now we want to go dipping, skinny
Sneaking in to the closed pool
And all because we've been drinking, Remy
Had plenty, Had you on my lap in the back of the cab on the way back
And you saw when your friend kissed me
And I smiled, and you smiled back
And I said

I believe in Time
And theres a right one with the weekend when the stars align
When the stars align
See its just Me and my baby
Her lady and me
Make my reservation, Table for three
Its going down (down down down down)
Its going down (down down down down)

Inspired by them young ride or dies
Who know whats up with what I'm trying to try
I like my girl the opposite of Hi thats Bye (Bi)
And Drunk off whatever liquor she likes
I wonder what seeing her lick her be like
It would probably be tight
This ain't some shit that goes on every night
Special occasion when the feeling is right
This wild life of mine
Ive always been on some different shit
And I know my girl is fine
But dog do you see the Bitch she with?
We wanted to add some ingredients
So we put her homegirl up in the mix
I'm into chicks, she's into chicks
So don't be surprised when you see them kiss

I believe in Time
And theres a right one with the weekend when the stars align
When the stars align
See its just Me and my baby
Her lady and me
Make my reservation, Table for three
Its going down (down down down down)
Its going down (down down down down)

Its going down we ain't slowing down
What goes around comes back around
Hitting on girls like Paquio
We macking now shit cracking now
Kicks made out of crocodile
She wetter than a aligatory

Hoes sucking me like a now a later

Want some shit? then hop out my whip
Told her suck a dick or die shit she dead

I don't even care if she a lesbian
Pop bottles in the club ho yes we can
I don't even care if you a lesbian

I believe in Time
And theres a right one with the weekend when the stars align
When the stars align
See its just Me and my baby
Her lady and me
Make my reservation, Table for three
Its going down (down down down down)
