

By The Light Of The Magical Moon

Marc Bolan

Im a-gonna dance with my princess
By the light of a magical moon
Im a gonna dance with my princess
By the light of a magical moon

As I go along my wayi say hey hey
As I go along my wayi say hey hey

Im a-gonna talk with the elders
Until all of our hearts that is good
Ill a-barefoot dance with my baby
By the light of a magical moon

When islay the darkest day then we can play
Till that deep and joyous day well dance and pray
