

# Miles Away

Marc Cohn

My friends will ask me how I'm doin'  
But I just can't lie to 'em  
Not feeling fine today  
I saw my dreams they were a  
Ship on the ocean now it  
Looks like they're miles away

Miles away  
Hey, hey, they're miles away

I know there's always something we have to go through  
That has some deeper meaning but  
Right now I just can't say  
I know there's gonna be a lesson somewhere  
I'm gonna think a lot about it later  
But right now I'm miles away

I'm miles away  
Hey hey, I'm miles away  
Hey hey hey, I'm miles away

I'm a million miles away  
Where I don't have to think at all  
Don't have to listen to your whisper  
Your little secrets in the hall  
Yeah I'd really love to talk about it  
But I, I think I hear my Mama calling me

Miles away, miles away

I know there's always something we have to go through  
That has some deeper meaning but  
Right now I just can't say  
I know there's gonna be a lesson somewhere  
I'm gonna think a lot about it later  
But right now I'm miles away

I'm miles away  
Hey hey, I'm miles away

Hey hey, I'm miles away  
Hey hey hey, I'm like miles away  
Hey hey hey, I'm miles away
