

# True Companion

Marc Cohn

Baby I've been searching like everybody else  
Can't say nothing different about myself  
Sometimes I'm an angel and sometimes I'm cruel  
When it comes to love, I'm just another fool

Yes, I'll climb a mountain  
I'm gonna swim the sea  
There ain't no act of God, girl  
Could keep you safe from me

My arms are reaching out  
Out across this canyon  
I'm asking you to be my true companion  
True companion, true companion

So, don't you dare and try to walk away  
I've got my heart set on our wedding day  
I've got this vision of you girl in white  
Made my decision that it's you alright

When I take your hand  
I'll watch my heart set sail  
I'll take my trembling fingers  
And I'll lift up your veil

Then I'll take you home and with wild abandon  
Make love to you just like a true companion  
You are my true companion  
I got a true companion, oh, true companion

When the years have done irreparable harm  
I can see us walking slowly arm in arm  
Just like that couple on the corner do  
Girl, I will always be in love with you

When I look in your eyes  
I'll still see that spark  
Until the shadows fall  
Until the room grows dark

Then when I leave this Earth  
I'll be with the angels standin'  
I'll be out there waitin' for my true companion  
Just for my true companion  
True companion, true companion
