

## C About Me

Marcos Hernandez

I haven't seen you in forever  
Oh, you haven't changed a bit  
You didn't think that I would remember  
How could I forget

We sang Bobby McGhee  
On the hood of my car  
Made a wish on every star  
In that clear September sky

One bottle of wine and two Dixie cups  
3 A.M. I fell in love  
For the first time in my life  
Oh that's something that just don't happen twice

To this day, I still taste that first kiss  
How I prayed it wouldn't end  
In a way, seeing you like this  
I guess, it never really did

We sang Bobby McGhee  
On the hood of my car  
Made a wish on every star  
In that clear September sky

One bottle of wine and two Dixie cups  
3 A.M. I fell in love  
For the first time in my life  
That's something that just don't happen twice

One bottle of wine and two Dixie cups  
3 A.M. I fell in love  
For the first time in my life  
Oh that's something, baby that's something  
Oh that's something that just don't happen twice

Oh yeah, we sang Bobby McGhee  
On the hood of my car  
Made a wish on every star  
One bottle of wine and two Dixie cups  
Yeah, we fell in love
