

# Mercy

Marcus Collins

You got me working on your love  
It keeps me up in the night  
You know I ain't be sleeping  
Don't care what time of day as long as you're holding me tight  
I'm so infatuated, got me spinning out of control, yeah, ah  
Tell, tell me baby, tell me if you love me so  
If you don't want me baby, release me, let me go

Mercy, mercy, your loving is the sweetest thing  
Crazy, crazy, you got me hanging on a string  
Save me, save me, loving you like this is the sweetest thing  
Sweetest thing, sweetest thing, oh yeah

I play the part, show my cards  
Now there ain't nothing left, no, no  
Cause needing you is like a melody that's stuck in my head  
Whoa, tell, tell me baby, tell me if you love me so  
If you don't want me baby, release me, let me go

Mercy, mercy, your loving is the sweetest thing  
Crazy, crazy, you got me hanging on a string  
Save me, save me, loving you like this is the sweetest thing  
Sweetest thing, sweetest thing, oh yeah

You're worthy, I know  
I know all the baby  
Can you feel it?  
It's getting stronger now  
Baby take me home  
I can't hold, any longer, whoa  
Here we go

Mercy, mercy, your loving is the sweetest thing  
Crazy, crazy, you got me hanging on a string  
Save me, save me, loving you like this is the sweetest thing  
Sweetest thing, sweetest thing, oh yeah
