You're with me Till the bitter end What we had transcends This experience Too painful to Talk about So I'll hold it in Til my heart can mend And be brave Enough to love again A place in time Still belongs to us Stays preserved In my mind In the memories There is solace

Never too far away
I won't let time erase
One bit of yesterday
Cause I have learned that
Nobody can take your place
Though we can never be
I'll keep you close to me
When I remember

Glittering lights
Incandescent eyes
Still preserved
In my mind
In the memories
I'll find solace

Never too far away
I won't let time erase
One bit of yesterday
And I have learned that
Nobody can take your place
Though we can never be
I'll keep you close to me
And I'll remember

A place in time Still belongs to us Stays preserved In my mind In the memories There is solace

Never too far away
I won't let time erase
One bit of yesterday
Cause I have learned that
Nobody can take your place
And though we can never be
I'll always think of
You and me

Always remember

Love

You're never too far
