

## File It Under Fun From The Past

Marianne Faithfull

Do you remember me?  
Do you remember anything?  
Don't pretend I didn't make you laugh  
File it under fun from the past

Well, I'm looking 'round the room  
Some of the people I've loved  
Guess I remember everything  
File it under fun from the past

I could have been a contender - a contender for your  
love  
I would have given you everything if I only knew how  
I would have given you everything if I only knew how,  
only knew how  
I could have been a contender - a contender for your  
love  
File it under fun from the past  
File it under fun from the past

It was only you; it was always only you  
I never saw what other people bought  
I never cared what they thought  
Well, I'm looking 'round the room  
Some of the people I've loved  
Guess I remember everything  
File it under fun from the past

Do you remember me?  
Do you remember anything?  
Don't pretend that it'll make you laugh  
File it under fun from the past

Well, I'm looking 'round the room  
Some of the people I've loved  
Guess I remember everything  
File it under fun from the past
