

## Costa del Slough

Marillion

You wake up in a pool of blood  
You can't remember that you'd cut  
Human beings into pieces  
Of dead meat and disgusting guts

Of course they don't deserve to live  
But who are you that you decide  
Which life will get swallowed  
From the eternal jaws of death

Despair pain  
Despair leads to hate  
Pain causes fear

Try to forget  
Time will not heal  
Resign deep inside  
Devastation of your  
Soul don't forget  
Time will not heal  
Resign deep inside  
Devastation of your soul

The reason for your cruel deeds  
Are not relevant in a world of creeps  
They play the game of the dying  
In a world that's crying  
Kill or be killed will be the commandment of our  
Dirty rotten breed  
The death penalty for humanity in world of greed
