

Rock Is Dead

Marilyn Manson

All simple monkeys with alien babies
Amphetamines for boys and crucifixes for ladies
Sampled and soulless wide real world
Sell all the living for more safe dead

Anythin' to be loved
Anythin' to be loved

Rock is deader than dead
Shock is all in your head
Your sex and your dope is all that we're fed
So fuck all your protests and put them to bed

God is in the TV
Rock
Rock
Rock
Rock

One thousand mothers are prayin' for it
We're so full of hope and so full of shit
Build a new God to medicate and to ape
Sell us ersatz dressed up and real fake
Anythin' to be loved
Anythin' to be loved

Rock is deader than dead
Shock is all in your head
Your sex and your dope is all that we're fed
So fuck all your protests and put them to bed

God is in the TV
Rock
Rock
Rock
Rock

Rock is deader than dead
Shock is all in your head
Your sex and your dope is all that we're fed
So fuck all your protests and put them to bed

Rock is deader than dead
Shock is all in your head
Your sex and your dope is all that we're fed
So fuck all your protests and put them to bed
