

# Tourniquet

Marilyn Manson

She's made of hair and bone and little teeth  
and things that cannot speak  
she comes on like a crippled plaything  
her spine is just a string

I wrapped our love in all this foil  
Silver tight like spider legs  
I never wanted it to ever spoil  
but flies will always lay their eggs

Take your hatred out on me  
Make your victim my head  
You never ever believed in me  
I am your tourniquet

Prosthetic synthesis and butterfly  
Sealed up with virgin stitch  
If it hurts baby please tell me  
Preserve the innocence  
I never wanted it to end like this  
But flies will lay their eggs

Take your hatred out on me  
Make your victim my head  
You never ever believed in me  
I am your tourniquet

What I wanted, what I needed  
What I got for me  
What I wanted, what I needed  
What I got for me

Take your hatred out on me  
Make your victim my head  
You never ever believed in me  
I am your tourniquet

Take your, take your  
Get up out of me  
I'm not proud with me  
I never ever believed in me
